

June 5, 2020

Good evening,

As we begin the summer months, I hope that you and your family are safe and healthy.

As Princeton City School District prepares for the 2020-2021 school year, we are working with the State of Ohio to continue to fulfill our educational mission of **"Empowering each student for college, career, and life success."** Staff and administration are working collaboratively with the Ohio Department of Education to develop plans, based on guidelines and recommendations to ensure our reentry plan is successful.

Feedback from our parents, guardians, and students is a critical piece to our future planning. We encourage you to answer brief surveys to help guide decisions as we prepare for the 2020-2021 school year. Links to the surveys will be emailed and available on the district website early next week.

Finally, I encourage you to sign up for our Friday electronic newsletter (eNews) that we will continue to share throughout the summer. The links and information provide the most current information for the district.

Thank you for your partnership, and as always, Go Vikes!

Respectfully,

Tom Burton
Superintendent
