

- **Statement from Princeton City School District**

Our hearts go out to the Robb Elementary School, the Uvalde CISD, and the entire community in Texas. The safety of our students is a top priority, so each time there is violence on any school campus, it prompts us to pause and reflect.

This also reminds us how important our efforts are to invest in forming trusting relationships with and among students in our schools. We are grateful for our partnerships with the Evendale, Glendale, Sharonville, Springdale, and Woodlawn Police Departments, the Hamilton County Sheriff's Department, and our school resource officers, who work closely with us to be diligent and in tune with individuals who may be in distress so we can prevent violence and respond appropriately to any threat.

Our Community is Our Campus and our educational community feels the pain of this horrific tragedy.

Tom Burton
Superintendent
