

- **Princeton City School District students, staff, and families - Thank you for sharing your voice through our YouthTruth surveys!**

Your voices are paramount to our schools' improvement efforts. In April, we launched our second annual YouthTruth survey in partnership with YouthTruth, a national nonprofit that helps districts improve their school climate and culture. We heard from our students, staff, and families about how we are doing and how we can improve.

YouthTruth is a very powerful tool for us to look at ourselves honestly and critically and push ourselves to get better. Hearing what our students, staff, and families think is one of the most important things we can do as educators.

YouthTruth will be completing the analysis of our survey results, and we should receive the survey reports in the next several weeks. While we will explore the findings more over the next several months and strategically use the feedback to inform next year's planning, I sincerely thank you for your participation. We will let you know what we are currently doing and planning to do with your feedback.

Thank you for your voice - it makes the #vikingdiff!

Respectfully,

Tom Burton

Superintendent
