You must request approval of the withdrawal based upon one of those distributions as allowed under your plan. You will note on your individual investment provider’s paperwork that the funds are to be rolled over to a different plan, versus distributed to you in cash.

Transfers

A “transfer” refers to a “plan-to-plan transfer” which allows you to move funds from one 403(b) plan to the 403(b) plan of a different employer.

### Qualified Domestic Relations Order (QDRO)

If an account has been placed on hold due to a QDRO, you will use the steps below on planwithease.com to request a transaction.

#### Steps

1. Upon receiving the QDRO and only if the account is to be split, a planwithease.com processor will "Pend" your account. "Pending" the account will not freeze your account in any way - you will still be able to view your account information and request transactions.

2. You will log into planwithease.com using the above procedures.

3. On the left hand navigation, select the type of transaction request to perform.

4. Follow the steps previously noted in this document for the appropriate transaction request.

5. When the appropriate transaction request steps are completed, the Confirmation Screen will include a notation indicating that the request can not be approved at this time because of the pending QDRO. You will be notified of any questions that arise in order to process your transaction request via email instructing you to go planwithease.com website to retrieve the letter.

6. After the planwithease.com representative reviews the transaction request, you will receive an email notification that an approval or denial letter is available for you to view/print on planwithease.com.
   - If the transaction request is approved, you must print the letter and send it to the appropriate Investment Provider along with any other forms they may require to process your requested transaction.
   - If the transaction request is denied, you will be informed of any additional documentation that must be sent to planwithease.com for further review.

7. You will receive a Transaction Confirmation Notice from planwithease.com via email informing you that the transaction request was received, noting the date, time and confirmation number for the transaction request.

When planwithease.com is notified by the Investment Provider that the QDRO distribution has been paid out to the Alternate Payee, a planwithease.com representative will "Unpend" the account. This will allow you to request any future transactions without providing additional information due to the QDRO.

**Note:** If you need information on how to submit the initial QDRO forms for review, select QDRO on the left hand navigation and print the PDF Form. This will have all the information of what is required to send to planwithease.com and the address or fax number to send it to.
