

Parental Override of Course Recommendation

Overrides will not be granted to students who have not fulfilled the prerequisites grade or course requirement.

By signing below, the parent signifies that he/she has read and agrees to abide by the following information:

1. This override of the recommended course written below is against the recommendation of the teacher, counselor and department head
2. The original recommendation of Princeton High School was based upon my child's past and present performance, as well as most current test data available
3. Movement to a different level of course cannot be guaranteed and is based upon availability.
4. If a change must occur, it must happen within the first ten school days after the course has begun. Students will take the grade at the time of departure to the lower course level.
5. The student is required to stay in the course for a full semester.

I understand that the only resources required of the teacher or the school district are those that would be appropriate for students who have been recommended for the course.

I am aware that school administration reserves the right to rescind this override.

I will be notified ONLY if the override is NOT approved.
